

## NEVER TAKE AWAY MY VOICE

[Helen Yeomans, UK]

### SOPRANO

[V1]

You can compromise my freedom,  
you can take away my choice,  
keep me silent for a while,  
break me from my family,  
but you will never take away my voice.

[V2]

And when distance stands between us  
this with certainty I know  
heart to heart and hand in hand  
we will sing as one again,  
for you will never take away my voice

### ALTOS, TENORS, BASSES

[V1]

Why do you compromise,  
take away my choice,  
try to keep me silent?  
Ooh, break me from my family...  
Never take away my voice.

[V2]

And when I feel alone  
what I know for sure  
our hearts remember  
Ooh, we will sing as one again  
never take away my voice

---

## IN COMES NIGHT (ROUND)

[Anna Tabbush, UK]

The sun she warms us through the day  
And shines so we may find our way  
But warmth and light they can not stay  
For in comes night
